Sink

■ [www.varmora.com](http://www.varmora.com)

Varmora Granito Pvt. Ltd. came into being in 1994 with a clear vision – to become a global leader in the world of ceramics. Our futuristic group has grown by leaps and bounds into a nationwide conglomerate manufacturing quality ceramic, porcelain and vitrified tiles with our modern machinery. Over the years, we have established ourselves as a major player in the manufacturing of tiles, sanitaryware and faucets.

Now we are delighted to share with you that we are all set to launch our new range of Sinks. Our world-class sinks not only redefine luxury, but the austenitic stainless steel used in manufacturing makes our sinks strong and durable. The wide range of sinks that we offer will enhance the versatile application of the same in different sectors. Our past experience in delivering other quality products has definitely helped us to efficiently venture into the manufacturing of modern sinks. We wish and hope to capture the market of sinks, with our approach of maintaining innovation and quality throughout.

**MADE IN  
INDIA**

## The *Captivating Core*

Kitchen is the core space of the house, where ample amount of time is spent everyday. Ease, convenience and comfort are the main features that need considerable attention at all given times. Good designing of products and facilities aids in the cooking process, making it pleasurable! Laying due prominence to the sink area, which is the wash area for dishes, washing vegetables, washing hands etc., it's important to keep it clean, spacious and up to date with innovative design ideas and great functionality features.

**ISI CERTIFIED:**  
Our Sinks Are Made With  
Indian Standards.

Germ Free

You may already have some sense of how you want your kitchen to look and feel. Perhaps you've already chosen your cabinets and countertops and selecting your kitchen sink and faucet may seem like a quick last step. And while we try to make the process as simple as possible, there are a number of style and functionality options you'll want to consider before making your final selections. We'll walk you through those options in the section that follows and help you settle on a sink and faucet combination that makes sense for you.

*Waltz*

A sophisticated creation for **luxurious kitchens**

**Strong &**  
*Beautiful*

Exceptionally tough and silky smooth to touch, adding a pop of color to your kitchens, it's about making statements of fascinating style. With timeless charm and up style demeanor, Quartz Sinks go through a rigid manufacturing process, created from natural quartz and acrylic resins. It's ideal for the multiple household tasks.

## *Color Your Kitchen With Quartz*

### **Make sure it's a Varmora**

Varmora quartz sinks are made from 80% quartz, the hardest component of granite. The material is bonded using high-quality acrylic resins which makes the sink incredibly robust and provides a lifetime of beauty.

### **Wonderfully easy to clean**

Beauty is even better when it's durable. These tough quartz sinks are scratch, heat and stain resistant, making them easy to clean. A little bit of daily care will keep your granite sink looking like new.

### **Sanitized material**

Bacteria can spread quickly, particularly in kitchens. The Sanitized function in varmora sinks helps to keep areas clean and hygienic.

Varmora Sinks are made in several different colors to allow them to seamlessly reside in your kitchens.

## Elegence

Utilize your kitchen space in the most **beautiful way.**

## Pristine Luxury

The perfect blend of sheen and stainless steel makes the Glossy sinks the star of every kitchen. The reflective surface with the well designed bowl looks classy.

## Design Uncompromised

This clean-lined series boasts refined touches for the serious home chef. Little things can make a big difference: deeper bowls and the rear offset drain maximize the usable bottom surface of the bowl while also creating extra cabinet space beneath the sink.

## Design

Impeccably designed for **your comfort.**

## Gracefully Divine

With durability and functionality at its heart, these sinks have been designed with exceptional prowess.

## Modern Design

Designed with beauty in mind, water cascades along a durable, removable drain cover as it disappears into the invisible drain. Available in stainless steel, white shatterproof glass or black shatterproof glass, this drain cover is easily removed for cleaning, and sits perfectly in place in the sink.

TOP MOUNT SINKS

Top - mount sinks are installed into a kitchen counter - top so that a uniform working surface is created. Thin, and almost unnoticeable rims allows quick and easy cleaning. The installation is as simple as just put the sink from above into each type of kitchen counter - top.

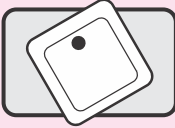

UNDER MOUNT SINKS

Under - Mount sinks are installed into counter - top from below. Absence of seams between sink and counter- top contributes to simply maintenance hygiene and over all appeal of a kitchen.

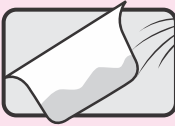

INSET SINKS

With stylish details to the top edges, Varmora inset sinks can be easily installed. It's simply about clung a hole into your counter - top surface and mounting the sink with the clips provided.

Combination of Innovative design with traditional excellence.

Sound adsorbing pads reduce the vibration and sound coming from the sink when it is filled.

Varmora's latest technology and high-precision machines allows the manufacturing of large and deep bowls for greater functionality, usability and durability.

Varmora's undercounter solution protect the sink from wet-roed situation, as well as further make the sinks noiceably quiet.

The exposed surfaces are hand blended to a lustrous highlighted satin finish.

Highest quality sink formed from 18/8 gauge, type 304 nickle bearing stainless steel.

Sink
